European Union Delegation to the Republic of Sudan  
Block 1B, Plot 10, Gamhoria Street  
Khartoum  
P.O. Box 2363  
Sudan  
Att: Daniel Gonzales Lavassor  

Copenhagen, 4/7-2011

Following discussions with EC delegation representative in Juba, a decision has been made to hire a civil works contractor, Gabycon Civil Works, to carry out maintenance work on a trouble spot section of the primary dyke in Twic East County under the DCA/LWF DCI-FOOD/2010/242-720 project. The civil works include maintaining 8.3 km of primary dyke at an estimated cost of 42,000 Euro.

Please see the table below for the break down of the price and the section of the Dyke needed to be repaired

<td>201,348.00</td>
</tr>
</tbody>
</table>

Other details of the civil works and justification has been discussed and submitted to the EC delegation representative in Juba.

In the course of looking for a suitable contractor, Gabycon Civil Works has been identified as the most suited contractor for the works based on the following reasons:

1. “Gabycon “Civil Works already have mobilised equipments/machinery on ground meaning their mobilisation costs and time are very affordable by the project.
2. There are no other contractors on ground with the technical capacity to carry out the dyke maintenance works as specified in the technical assessment report.
3. Due to the limited time between now and the rainy season inviting contractors from Juba/East Africa to participate in the tender is not feasible. Moreover it must be anticipated that the offered price under those circumstances will be higher due to extensive transport costs.

Derogation Request:
We therefore, request for derogation from the “Negotiated Procedure” down to a “Single Quote” and the approval the use of “Gabycon “ Civil Works without tendering for the reasons cited above.
For the sake of good order, the procurement of the above is on hold until your response is received. We thank you for your attention to this matter and look forward to your reply.

Yours sincerely
